13. Disclosure pursuant to sub-regulation 5 of Regulation 36 of the SEBI Listing Regulations with respect to appointment of Statutory Auditors:

(a) Reason for appointment of Auditors:

The outgoing Statutory Auditors M/s. Maheshwari & Co, Chartered Accountants, (Firm Registration No. 105834W) were appointed by the shareholders at the forty-first AGM of the Company held on September 22, 2018 for a period of five years to hold office from the conclusion of that AGM till the conclusion of the Forty-Sixth AGM. Accordingly M/s. Maheshwari & Co, the present Statutory Auditors would retire at the conclusion of ensuing AGM. Since M/s. Maheshwari & Co has already completed two terms of one year and five years respectively, pursuant to section 139(2) are not eligible for re-appointment. In view of the same the Board of Directors, as per the recommendation of the Audit Committee, has recommended to appoint M/s. SPML & Associates (SPML), a firm of Chartered Accountants (FRN 136549W), as Statutory Auditors of the Company for five years effective from the date of conclusion of ensuing AGM.

(b) Proposed fees payable to the Statutory Auditors along with terms of appointment:

The proposed fee that is to be paid to the Statutory Auditors would be mutually agreed upon between the Board of Directors and the proposed Statutory Auditors based on the recommendation of the Audit Committee. Proposed fees will be at par with the fees paid to the outgoing Statutory Auditors and be decided on various parameters including the volume, scale, complexity, scope of work, activities and functions of the Statutory Auditors for conducting audit of accounts of the Company.

Pursuant to Section 139 of the Companies Act, 2013 the term of appointment is for five years to hold office from the conclusion of 46th AGM till the conclusion of 51st AGM.

(c) Basis of recommendation for appointment of SPML and their credentials:

The recommendations made by the Audit Committee and the Board of Directors of the Company for appointment of SPML as the Statutory Auditors are based on review of their profile and fulfillment of the eligibility criteria prescribed under the Act and the applicable rules made thereunder.

(d) Brief Profile of SPML, proposed Statutory Auditors:

SPML is a firm of Chartered Accountants with more than 35 years of experience having 10 Partners and having own branch offices at 07 cities along with PAN India Presence through its Network Offices. SPML has young team with experienced Senior Management. SPML's current service offerings include Audit & Assurance Services, Management Consultancy Services, Tax Advisory Services, Forensic Audit, Valuation of Financial Assets etc. SPML is one of the very few firms in India, to be eligible and accepted to be empanelled with the Government bodies such as Comptroller & Auditor General of India, Indian Banking Association (IBA), Maharashtra State Electricity Distribution Company Limited, Reserve Bank of India (RBI), State Bank of India (SBI), Union Bank of India and other renowned Banks.

(e) Other disclosure regarding appointment of Statutory Auditors:

It is proposed to appoint new auditor at ensuing AGM that would be held after 45 days from the end of the financial year 2022-23. Further, the retiring auditor has already issued the audit report for the financial year 2022-23. In case the Board Meeting to consider un-audited financial results for the quarter ended June 30,

2023 held prior to AGM date the limited review report on that be issued by the existing auditors. In case the Board Meeting to consider un-audited financial results for the quarter ended June 30, 2023 held after the AGM date the limited review report on that be issued by the new auditors proposed to be appointed at AGM.

14. Since the AGM will be held through VC / OAVM, the Route Map is not annexed with this Notice.
15. Since no special business is proposed to be transacted at the ensuing AGM, statement pursuant to Section 102 (1) of the Act is not attached herewith.

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC AND INDUSTRY OVERVIEW

GLOBAL ECONOMY

Prospects for a robust global economic recovery remain dim amid stubborn inflation, rising interest rates and heightened uncertainties. The world economy faces the risk of a prolonged period of low growth as the lingering effects of the COVID-19 pandemic, the ever-worsening impact of climate change and macroeconomic structural challenges remain unaddressed, according to the World Economic Situation and Prospects as of mid-2023.

The world economy is now projected to grow by 2.3 per cent in 2023 and 2.5 per cent in 2024 a slight uptick in the global growth forecast for 2023. In the United States, resilient household spending has prompted upward revision of growth forecast to 1.1 per cent in 2023. The European Union's economy—driven by lower gas prices and robust consumer spending—is now projected to grow by 0.9 per cent. China's growth this year is now forecast at 5.3 per cent as a result of COVID-19 related restrictions being lifted.

But a sombre picture still remains. Despite this uptick, the growth rate is still well below the average growth rate in the two decades before the pandemic of 3.1 per cent. For many developing countries, growth prospects have deteriorated amid tightening credit conditions and rising costs of external financing.

Global trade remains under pressure due to geopolitical tensions, weakening global demand and tighter monetary and fiscal policies.

Inflation remains stubbornly high in many countries

Inflation has remained stubbornly high in many countries even as international food and energy prices fell substantially in the past year. Average global inflation is projected at 5.2 per cent in 2023, down from a two-decade high of 7.5 per cent in 2022. While upward price pressures are expected to slowly ease, inflation in many countries will remain well above targets. Amid local supply disruptions, high import costs and market imperfections, domestic food inflation is still elevated in most developing countries, disproportionately affecting the poor, especially women and children.

Strong labour markets in developed economies are a bright spot

Labour markets in the United States, Europe and other developed economies have continued to show remarkable resilience, contributing to sustained robust household spending. Amid widespread worker shortages and low unemployment rates, wage gains have picked up.

Employment rates are at record high levels in many developed economies with gender gaps narrowing since the pandemic.

Global spillovers from monetary tightening demand enhanced policy cooperation

Exceptionally strong labour markets are, however, making it harder to tame inflation. The Federal Reserve, the European Central Bank and central banks in other developed countries have continued to raise interest rates in 2023, but at a slower pace than last year, which saw the most aggressive monetary tightening in decades. The banking sector turmoil has added new uncertainties and challenges for monetary policy.

Although swift and decisive actions by regulators helped contain financial stability risks, vulnerabilities in the global financial architecture and the measures taken to contain them will likely dampen credit and investment growth going forward.

Rapid tightening of global financial conditions poses major risks for many developing countries and economies in transition. Rising interest rates, coupled with a shift in developed economies from quantitative easing to quantitative tightening, have exacerbated debt vulnerabilities and further constrained fiscal space. Current policy challenges call for stronger cross-border policy cooperation and concerted global actions to prevent many developing economies from becoming trapped in a vicious cycle of low growth and high debt.

INDIAN ECONOMY

Asian Development Bank (ADB) projects growth in India's gross domestic product (GDP) to moderate to 6.4% in fiscal year (FY) 2023 ending on March 31, 2024 and rise to 6.7% in FY2024 ending on March 31, 2025, driven by private consumption and private investment on the back of government policies to improve transport infrastructure, logistics, and the business ecosystem.

The growth moderation for India in FY2023 is premised on an ongoing global economic slowdown, tight monetary conditions, and elevated oil prices. However, FY2024 is expected to see faster growth in investment, thanks to supportive government policies and sound macroeconomic fundamentals, lower non performing loans in banks, and significant corporate deleveraging that will enhance bank lending.

"Despite the global slowdown, India's economic growth rate is stronger than in many peer economies and reflects relatively robust domestic consumption and lesser dependence on global demand. The Government of India's strong infrastructure push under the Prime Minister's Gati Shakti (National Master Plan for Multimodal Connectivity) initiative, logistics development, and industrial corridor development will contribute significantly to raising industrial competitiveness and boosting future growth."

Improving labor market conditions and consumer confidence will drive growth in private consumption. The central government's commitment to significantly increase capital expenditure in FY2023 will also spur demand. Helped by recovery in tourism and other contact services, the services sector will grow strongly in FY2023 and FY2024 as the impact of COVID-19 wanes. However, manufacturing growth in FY2023 is expected to be tamped down by a weak global demand, but it will likely improve in FY2024. Recent announcements to boost agricultural productivity, such as setting up digital services for crop planning and support for agriculture startups will be important in sustaining agriculture growth in the medium term.

Inflation will likely moderate to 5% in FY2023, assuming moderation in oil and food prices, and slow further to 4.5% in FY2024 as inflationary pressures subside. In tandem, monetary policy in FY2023 is expected to be tighter as core inflation persists, while becoming more accommodative in FY2024. The current account deficit is projected to decline to 2.2% of GDP in FY2023 and 1.9% in FY2024. Growth in goods exports is forecast to moderate in FY2023 before improving in 2024, as production-linked incentive schemes and efforts to improve the business environment, such as streamlined labor regulations, improve performance in electronics and other areas of manufacturing growth. Services exports growth has been robust and is expected to continue to strengthen India's overall balance of payments position.

For India, it said the positive effect of high public and private investment and consumption as well as rising exports was partly offset by higher energy import which deepened the current account deficit and ate up reserves.

The Reserve Bank of India started tightening its policy stance to limit damage caused by foreign capital outflows, a weakening currency and inflation risks. Higher financing cost slightly dented buoyant economic activity, and over-leveraging in the corporate sector may become a factor of financial instability.

However, geopolitical tensions and weather-related shocks are key risks to India's economic outlook.

CERTIFICATE OF COMPLIANCE OF THE CONDITIONS OF CORPORATE GOVERNANCE

[Pursuant to Regulation 34(3) and Schedule V Para E of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

To,
The Members of,
Transchem Limited

I have examined the compliance of the conditions of Corporate Governance by Transchem Limited (hereinafter called 'the Company') for the Financial Year ended March 31, 2023 as stipulated under Regulation 17 to 27, clause (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations).

The compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me and the representations made by the Directors and the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India in view of Covid -19 pandemic, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended March 31, 2023.

I further state that such compliance is neither an assurance as to future viability of the Company nor of the efficiency or effectiveness with which the management has conducted affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TRANSCHEM LIMITED

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **TRANSCHEM LIMITED (CIN:L24100MH1976PLC019327)** ("the Company"), which comprise the Balance Sheet as at 31st March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income) the Statement of Cash Flows and the Statement for Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, the profit and total comprehensive income / (loss), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on the circumstances and facts of the audit and entity, there aren't key audit matters to be communicated in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring

the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit report we report that:
 - a) We have sought and, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss, (including other comprehensive income / (loss)), the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;
 - e) On the basis of written representations received from the directors as on 31st March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2023, from being appointed as a director in terms of Section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**"; Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements;
 - g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its Directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigation which would impact its financial position in its financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses under the applicable law or accounting standards;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company, if any;
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in

writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not paid, proposed or declared any dividend during the year and until the date of report, Hence, Compliance in accordance with section 123 of the Act is not applicable;
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the “**Annexure- B**” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Transchem Limited** ("the Company") as of 31st March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to explanation given to us, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SUMMARY OF THE MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2023

1 MATERIAL ACCOUNTING POLICIES:

1.1 Corporate Information:

Transchem Limited (“the Company”) is a public limited Company incorporated in India with its registered office in Thane, Maharashtra, India. The Company is listed on the BSE Limited (BSE).

The functional and presentation currency of the Company is Indian Rupee (“₹”) which is the currency of the primary economic environment in which the Company operates and all values are rounded to the nearest lakhs (₹ 00,000), except when otherwise indicated, amount in zero (0.00) represents amount below ₹ 500.

The audited financial statements of the Company were subject to review and recommendation of Audit Committee and approval of Board of Directors. On 6th May, 2023, the Board of Directors of the Company approved and recommended the audited financial statements for consideration and adoption by the shareholders in its Annual General Meeting.

1.2 a) Basis of Accounting:

The financial statements have been prepared to comply in all material aspects with the Accounting Standards notified under Section 133 of Companies Act, 2013 (the “Act”) as per Companies (Indian Accounting Standards (Ind AS) Rules, 2015 and other relevant provisions of the Act and rules framed thereunder.

The financial statements have been prepared on a historical cost convention and accrual basis, except for certain financial assets and liabilities measured at fair value and plan assets towards defined benefit plans, which are measured at fair value.

The accounting policies are applied consistently to all the periods presented in the financial statements.

b) Current non-current classification:

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

1.3 Use of Estimates:

The preparation of financial statement requires estimates and assumptions to be made and that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/materialised.

1.4 Property Plant and Equipment:

The Company has applied for the one time transition exemption of considering the carrying cost on the transition date i.e. 01 April 2016 as the deemed cost under Ind AS. Hence regarded thereafter as historical cost.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation is provided under the straight line method at the rates and in the manner prescribed in Part C of Schedule II to the Companies Act, 2013, over their useful life and management believe that useful life of assets are same as those prescribed in Part C of Schedule II to the Act, except in case of Factory Building and Plant and Machinery at Factory premises, which has been considered as certified by a Government Approved Valuer.

Useful life considered for calculation of depreciation for various assets class are as follows-

Asset Class	Useful Life
Office Premises/Gala	30 years
Plant and Machinery (Others)	15 years
Furniture and Fixtures	10 years
Vehicles	8 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

1.5 Investments and other financial assets:

Initial recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVTPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

(a) Financial Assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

(b) Financial Assets measured at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income (FVTOCI) if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Financial assets that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss (FVTPL).

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased

significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recorded as expense/ income in the Statement of Profit and Loss.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity investments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments (other than inventories), the Company may make an irrevocable election to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

There is no recycling of the amounts from OCI to Statement of Profit or Loss, even on sale of investment.

Equity instruments included within the FVTPL (fair value through profit and loss) category are measured at fair value with all changes in fair value recognised in the Statement of Profit or Loss.

Offsetting Financial Instruments

Financial assets are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.6 Financial Liabilities

Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Where the terms of a financial liability is re-negotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued.

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.7 Fair value measurement

The Company measures financial assets and financial liability at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities that are recognised in the financial statements on a recurring basis,

the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation team determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement.

1.8 Impairment of non-financial assets

Assessment is done at each Balance Sheet date to evaluate whether there is any indication that a non-financial asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.9 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognize contingent asset unless the recovery is virtually certain.

1.10 Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowings of funds. General and specific borrowing costs directly attributable to the acquisition/ construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in Statement of Profit and Loss in the period in which they are incurred.

1.11 Recognition of income

Interest income from debt instruments is recognised using the effective interest rate method.

Dividend income is recognised when the Company's right to receive the payment is established and it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

1.12 Inventories

Finished Goods are valued at cost or net realisable value, whichever is lower. Cost is computed on first-in-first out basis. Net realisable value is estimated selling price in ordinary course of business less the estimated cost necessary to make the sale. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Obsolete, defective and slow/non-moving stocks are duly provided for. Securities are valued at fair value less costs to sell.

1.13 Employee benefits

a) Defined contribution plan

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis. The Company has categorised its Provident Fund, labour welfare fund and the Employees State Insurance Scheme as a defined contribution plan since it has no further obligations beyond these contributions.

b) Defined benefits plan

The Company's liability towards gratuity, being a defined benefit plan are accounted for on the basis of an independent 'actuarial valuation based on Projected Unit Credit Method'.

Service cost and the net interest cost is included in employee benefit expense in the Statement of Profit and Loss. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in 'other comprehensive income' as income or expense.

c) Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The Company's liability is actuarially determined (using the Projected Unit Credit method).

1.14 Income Tax

Income tax expense comprises current tax, deferred tax charge or credit. The deferred tax charge or credit and the corresponding deferred tax liability and assets are recognized using the tax rates that have been enacted or substantially enacted on the Balance Sheet date.

Deferred Tax assets arising from unabsorbed depreciation or carry forward losses are recognized only if there is virtual certainty of realization of such amounts. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

1.15 Earnings Per Share

The Company reports basic and diluted earnings per equity share in accordance with Ind AS 33, Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted Earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.16 Cash flow statement

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Accounting Standard on Statement of Cash Flows (Ind AS-7). The cash flows from regular revenue generating, financing and investing activity of the Company are segregated.

1.17 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits.

1.18 Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Impairment of non-financial assets

In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

b) Depreciation and useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

c) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

d) Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

e) Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

- The carrying amounts of inventories, loans and other financial assets are considered to be approximately equal to their fair value, since those are current in nature.

Valuation process

The Company evaluates the fair value of financial assets and financial liabilities on periodic basis using the best and most relevant data available.

21. Financial risk management objectives and policies

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

21.1 Carrying amount of financial assets and liabilities:

Particulars	(Amount in ₹ Lakhs)	
	As at 31 March 2023	As at 31 March 2022

At end of the year	6,613.59	6,641.94
Financial Liabilities		
At end of the year	-	-

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk.

Credit risk on financial assets

Financial assets that are potentially subject to concentrations of credit risk and failures by counterparties to discharge their obligations in full or in a timely manner consist principally of cash balances with banks, cash equivalents and receivables, and other financial assets. The maximum exposure to credit risk is the total of the fair value of the financial instruments and the full amount of any loan payable commitment at the end of the reporting year.

The Company's non-listed equity shares and mutual funds investments are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages this price risk through diversification and by placing limits on individual and total equity instruments. The Company's Board of Directors reviews and approves all equity investment decisions.

SUMMARY OF THE MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2023

Credit risk on cash balances with banks is limited because the counterparties are entities with acceptable credit ratings. Credit risk on other financial assets is limited because the other parties are entities with acceptable credit ratings.

As disclosed in Note 5, cash and cash equivalents balances generally cash on hand and balances held with the bank in current account and fixed deposit.

Exposure to credit risk

Financial asset for which loss allowance is measured using expected credit loss model have been listed in the table 21.1 above.

In the opinion of management, Financial Assets, Cash and Cash Equivalent, Loans, Other Current Assets and Other Financial Assets have a value on realisation in the ordinary course of business atleast equal to the amount at which they are stated in the balance sheet.

The Company has not recognised any loss allowance as the Company expects that there is no credit loss on trade receivable.

During the year, the Company has incurred an insignificant amount towards finance cost. Further, the Company does not carry any financial liabilities as at the Balance Sheet date, hence disclosures related to Ind-AS 107, paragraph 33, on exposures to risk, objectives, policies and procedures with regard to financial liabilities are not applicable.

22. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium reserve and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company has adequate cash and cash equivalents. The company monitors its capital by a careful scrutiny of the cash and cash equivalents and a regular assessment of any debt requirements. In the absence of any debt at the year end, the maintenance of debt equity ratio etc. may not be of any relevance to the Company.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and 31 March 2023.

23. Segment reporting:

During the financial year 2022-23 and 2021-22, the Company does not have revenue from operations and hence for the purpose of disclosure of segment information as per Ind-AS 108, 'Operating Segments', the Company does not have a business segment. Further, the Company operates in India and accordingly no disclosures are required under secondary segment reporting.

24. The Company has suspended its operation. In view thereof and in consideration of prudence, the Company has not recognised Deferred Tax Asset / Liability in respect of set off of available losses and timing differences.
